EDUCATION

2023 – 2027

University of Bristol, UK Ph.D.

Research: Using machine learning to trace gastrointestinal disease outbreaks and antimicrobial resistance. Supported by **MRC Ph.D. Studentship**

Supervisors: Sion Bayliss, Lauren Cowley, Andrew Dowsey, and Kristen Reyher

2020 – 2022

Makerere University, Uganda M.Sc. in Bioinformatics (First Class Honors)

Dissertation Title: A machine learning approach to predict *E. coli* antibacterial resistance using whole-genome sequencing data in Uganda. Supported by **NIH-Fogarty EANBIT M.Sc. Fellowship**

Supervisors: Daudi Jjingo and Gerald Mboowa

2016 – 2019

Makerere University, Uganda B.Sc. in Information Technology (First Class Honors)

RESEARCH EXPERIENCE

2023 – PRESENT

Jean Golding Institute of Data Science, University of Bristol, UK

Ask-JGI Research Data Scientist

2023 – 2023

Division of Human Genetics, University of Cape Town, South Africa

Research Fellow, Sickle in Africa Consortium

2022 – 2023

Department of Entomology, Uganda Virus Research Institute, Uganda

Research Fellow, Open Data Science Platform - eLwazi

2020 – 2023

Infectious Diseases Institute, African Center of Excellence in Bioinformatics, Makerere University, Uganda

Research Fellow & Bioinformatics Trainee

AWARDS, HONORS AND FELLOWSHIPS

2024 – **Travel Award:**

Awarded a travel grant by the Medical Research Council (MRC) to attend the 2024 Computational Genomics Summer Institute at University of California, Los Angeles

2023 – **Ph.D. Studentship:**

Awarded a studentship from the Medical Research Council (MRC) to undertake a 4-year Ph.D. at University of Bristol.

2022 – **Travel Award:**

Awarded a travel scholarship by Open Science Grid funded by National Science Foundation (NSF) to attend OSG school at the University of Wisconsin-Madison.

2021 – **M.Sc. Fellowship:**

Awarded a Fellowship under EANBIT project from the National Institutes of Health (NIH) Fogarty to undertake a 2-year Master's degree program in Bioinformatics at Makerere.

2020 – **Dissertation Award:**

Graduated top of undergraduate class, 2019, with a CGPA 4.71/5.0

INVITED TALKS

- 13/04/2024 – Combatting AMR using AI in low resource settings, AMR, a one health challenge by Fondation Mérieux, France
- 20/03/2024 – Utilising Machine Learning for tracing gastrointestinal outbreaks and antimicrobial resistance, MRC GW4 DTP, UK
- 23/08/2023 – Empowering low middle income countries against antimicrobial resistance with AI and Whole-Genome Sequencing, AMR Force, University of Bristol
- 23/07/2022 – Ugandan AI COVID-19 chatbot for automated and personalized symptom assessment in Luganda & English. University of Wisconsin-Madison, Open Science Grid School, US
- 04/03/2022 – End to end AI and data systems for targeted surveillance and management of COVID-19 and future pandemics affecting Uganda (COAST), Uganda
- 08/04/2022 – Optimizing the SickleInAfrica Registry Data Collection Workflow Using Site-specific Clinical Processes, Sickle in Africa consortium meeting, South Africa
- 26/04/2022 – Virtual Reality in Medicine and Surgery Conference (VRiMs), Uganda

TEACHING EXPERIENCE

- 2024 – **School of Engineering Mathematics & Technology**, University of Bristol
Teaching Assistant – EMATM0047, Data Science Project
Teaching Assistant – EMATM0067, Introduction to AI & Text Analytics
Teaching Assistant – SEMT20003, Methods of Artificial Intelligence
Teaching Assistant – EMATM0048, Software Devt: Programming & Algorithms
- 2021 – 2022 **H3ABioNet and Wellcome Connecting Science**
Teaching Assistant – Next Generation Sequencing short course
- 2018 – 2019 **Department of Computer Science**, Makerere University
C & Java programming tutorial assistant

WORK EXPERIENCE

- 2020 – 2022 **Supporting African Math Initiatives (SAMI)**, U.K
Software Developer (Volunteer to SAMI Math Charity)
- 2020 – 2020 **Statistics for Sustainable Development (STATS4SD)**, Reading, UK
Programming Intern

MENTORSHIP

- Rebecca Nakitandwe, MSc in Health Informatics, Makerere University, 2023 – 2025
- Henry Mutegeki, MSc in Computer Science (Google DeepMind Scholar), Makerere University 2022 – 2024
- Sandra Babirye, MSc in Bioinformatics (MakDarta Fellow), Makerere University, 2022 – 2024
- Florence Nakabiri, MSc in Bioinformatics, Makerere University, 2022 – 2024

SERVICE, OUTREACH AND LEADERSHIP

Work done under Supporting African Maths Initiatives (SAMI), a UK-based charity dedicated to improving access to and quality of mathematics education in Africa.

2020 – 2020

Software Developer

SAMI Math Club App (A collection of mathematical problems and puzzles to support mathematical thinking, problem solving and love of mathematics, used in 5 African countries during Maths Camp) – <https://mathsclub.samicharity.co.uk/>

2020 – 2021

Lead Software Developer

Card Deck – A web and mobile application together with a printed card deck featuring unique activities, engaging participants in games, puzzles or fun mathematical facts – <https://cards.virtualmathscamp.com/>

2020 – 2021

Junior Developer

UNICEF Parenting for Lifelong Health – An open source and evidence-based parenting app to support parents and caregivers during the COVID-19 pandemic and beyond

Work done under PICSA, a method developed by researchers at University of Reading, UK that combines climate data with African farmers' insights to enhance informed agricultural decision-making through participatory methods.

2022 – 2023

Technical Lead

Conducted field digital training and workshops of approaches for farmers in Malawi and Zambia on implementation of the PICSA approach - <https://picsa.app/>

OTHER PREVIOUS PROJECTS

2023 – 2023

Web Developer

AI for Health Equity: Transforming Pandemic Preparedness in Uganda (HEAL) using Large Language Models– Funded by Bill & Melinda Gates Foundation - <https://heal.aceuganda.org/>

2021 – 2023

Lead Software Developer

An Epilepsy Self-Management and Resilience Technical application for Adolescents and their community – Funded by Epilepsy Foundation in collaboration with Duke University <https://github.com/aceuganda/epilepsy-smart-app>

2021 – 2022

Junior Data Scientist

AI-based COVID-19 chatbot for Uganda – Funded by International Development Research Centre (IDRC)

2021 – 2025

Lead Developer

Sickle Pan- African Research Consortium (SPARCO) Uganda: Strengthening Capacity for Clinical Care, Research and Training in Sickle Cell Disease– Funded by NIH/NHLBI in collaboration with UCT
